**VACUETTE®
QUICKSHIELD
Safety Tube Holder**

Our Innovations
for Your Safety

VACUETTE® QUICKSHIELD Safety Tube Holder

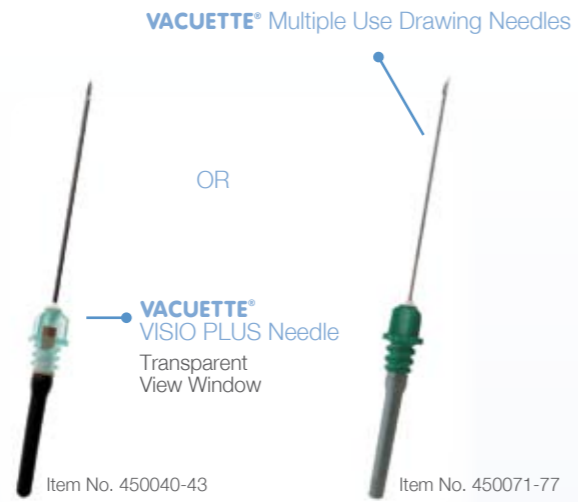

The **VACUETTE® QUICKSHIELD** Safety Tube Holder is especially suitable for use in daily blood collection routines. Without the need to change collection techniques, the holder helps prevent needlestick injuries.

VACUETTE® QUICKSHIELD Protective Cap
Is attached directly to the holder. The cap is activated immediately upon withdrawal of the needle from the patient's vein.

Item No. 450230

VACUETTE® QUICKSHIELD Safety Tube Holder
With ergonomic design for improved comfort.

VACUETTE® Multiple Use Drawing Needles

OR

VACUETTE® VISIO PLUS Needle
Transparent View Window

Item No. 450040-43

Item No. 450071-77

For pain-free venipuncture. The perfectly matched needle and holder mean that the oriented needle tip is always in the right position for easy specimen collection.

Activated with the aid of a solid surface.

Comfort through one-handed activation.

User-friendly - dot on needle container allows user to choose which side the **VACUETTE® QUICKSHIELD** Safety Tube Holder should be positioned for optimal venipuncture.

Exclusively for use with **VACUETTE®** Multiple Use Drawing Needles or **VACUETTE®** VISIO PLUS Needles.

No changes to collection technique.

Especially safe as the fingers remain behind the needle tip at all times.

The protective cap is attached to the holder, remaining stable. Once activated, there is no chance of the protective cap coming off.

An audible click indicates to the user that the protective cap has been fully activated.

VACUETTE® QUICKSHIELD Combination Products

Simply Practical.
The **VACUETTE® QUICKSHIELD** Combination Products for Blood Collection.

Item No. 450237 + 38

VACUETTE® QUICKSHIELD Complete
(Safety Tube Holder & **VACUETTE®** Multiple Use Drawing Needle Combination Product)

The holder comes with pre-attached needle, sterile and single-packed.

It is not necessary to thread in the needle.

A practical, ready-to-use solution that saves time.

Handling is optimised.

Item No. 450235 + 39

VACUETTE® QUICKSHIELD Complete PLUS
(Safety Tube Holder & **VACUETTE®** VISIO PLUS Needle Combination Product)

The holder comes with pre-attached needle, sterile and single-packed.

Transparent view window for optical venipuncture control.

It is not necessary to thread in the needle.

A practical, ready-to-use solution that saves time.

Handling is optimised.

Instructions for Use *

1** Thread the needle

2 Remove protective cap

3 Venipuncture

4 Insert the tube

5 Remove the last tube

6 Activate the safety mechanism

7 Audible click indicates activation

8 Disposal

* For the complete blood collection procedure please refer to the Instructions for Use.

** This step is not applicable for QUICKSHIELD Complete & Complete PLUS.
